

# PRINCE WILLIAM COUNTY

## Household Hazardous Waste and Electronic Recycling Program Important Reopening Guidance

***Please read before coming to the landfill to dispose of items.***

The Household Hazardous Waste and Electronics Recycling program is open at the Prince William County **Landfill location only\*** on Wednesdays and Saturdays from 10 a.m. to 5 pm. The program is for Prince William County residents only. This program is not available to businesses or to Manassas and Manassas Park residents.

### **HHW/Electronics program usage rules:**

The following rules will be in effect at Household Hazardous Waste and Electronics program until further notice:

- All individuals must remain in their vehicle at all times.
- Mask use is requested by unvaccinated occupants of the vehicle.
- All material for drop off must be in the rear-most portion of the vehicle (pickup bed; trailer, trunk, or hatchback) and may NOT be in the passenger compartment of the vehicle. Items will not be collected from the passenger compartment. If the customer has a van, or hatchback, the material must be removable through the rear doors.
- Customers with large TVs must bring them by pickup truck, trailer, or rear access van.
- This program is for Prince William residents only. IDs will be checked before entry.
- Disposal is limited to three (3) electronic items; 15 gallons liquid or 40 pounds of solid household hazardous waste items.
- Traffic flow to and around the facility may be modified due to volume, so follow staff direction.
- Expect a line and delays.
- Vehicles will be processed until 5 p.m. (Cars in line after that time, will have to come back.)

Visit [www.pwcgov.org/disposalguide](http://www.pwcgov.org/disposalguide) to confirm the type of items accepted, the quantity limits and preparation of items that may be brought to this program.

***\*The Household Hazardous Waste and Electronics Recycling Program is currently not available at the Balls Ford Road Compost Facility.***
