# CHIEF'S MESSAGE

#### CHIEF PETER NEWSHAM

On behalf of the dedicated men and woman of the Prince William County Police Department, I am pleased to present our community with the **2021 Annual Report**. It has been my distinct honor to serve as your police chief this past year as I mark my one-year anniversary with the agency on February 1, 2022.

As our community continues to recover from the COVID-19 pandemic, the officers of this department have remained committed to providing the very best police service to our residents, visitors, and business owners. This level of professional service continues to receive high marks in community surveys.

Our commitment to our community is reflected in our mission

As we look to the future, I see the Prince William County Police Department becoming more reflective of the community we serve. Our recent graduating class in December 2021 was not only one of the largest for the agency, but one reflecting a great deal of diversity. We value these goals as a law enforcement agency of continuing towards strengthening our inclusive, diverse culture.

By reflecting those we serve and continuing to provide the very best police service, we inspire others to join us in keeping Prince William County a safe community for all.

I look forward to our continued work together and the successes to come in 2022.

# DEPUTY CHIEF

#### DEPUTY CHIEF JARAD PHELPS

The **Deputy Chief of Police** is the second highest commanding officer of the Department and assists the Chief of Police in providing efficient and effective police services to the residents and visitors of Prince William County.

The Deputy Chief aides in the planning and direction of Department activities and has the final authority in all matters of policy, operations, and discipline as designated by the Chief of Police. The Deputy Chief also oversees all bureaus under the Department's four divisions.

Lieutenant Colonel Jarad Phelps was named Deputy Chief in November 2019. Deputy Chief Phelps briefly served as Acting Chief

of Police following the retirement of Chief Barry Barnard in July 2020 until the appointment of Chief Peter Newsham in February 2021.

Deputy Chief Phelps is a native of Prince William County with over 25 years of law enforcement experience. Phelps joined the Police Department in 1996, beginning his career in patrol assigned to the Operations Division. Over the course of his career, Phelps served in several positions and on multiple part-time teams across the agency through the rank of Lieutenant. In 2014, Phelps was promoted to the rank of Captain where he served as the commander in multiple assignments.

Just prior to his role as Deputy Chief, Phelps was promoted to the rank of Major in 2017 where he was assigned to oversee the Operations Division during a critical time as the Police Department was establishing a third patrol district.

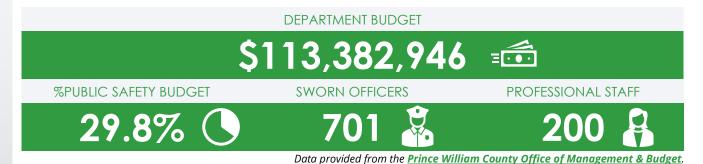

Deputy Chief Phelps holds a master's degree from George Mason University and an undergraduate degree from James Madison University. Phelps has attended numerous leadership and senior management schools including the FBI National Academy.

# ANIMAL SERVICES CENTER

#### SHELTER PROGRESS REPORT

The new **Prince William County Animal Shelter** partially opened in November 2021, and animals are now housed in new quarters of the roughly 28,000-square-foot building.

Phase I of the \$16.7-million facility includes administration sections of the building and non-public areas. Phase II, scheduled for completion in March 2022,

will include dog and cat adoption housing, adoption dog play yards, adoption cat and dog visiting rooms, a small mammal room, a bird room, a reptile room, and three cat group housing areas.

In addition to its size and amenities, the new shelter will be safer for the animals. Wall and floor surfaces of the new shelter are made of impervious, easily cleaned materials. The heating, air conditioning, and ventilation system will also help keep the shelter clean.

The existing 6,600-square-foot shelter, which opened in 1975, will be demolished to make room for employee parking, equipment storage, and a barn to house larger animals.

The new shelter will be considerably more spacious and a much more inviting atmosphere than the existing space for not only visitors, but also the animals themselves. A skylight will provide natural lighting that contributes to the health of the animals.

Please visit our <u>website</u> to learn more about the shelter and the animals available for adoption.

### COMMUNITY FAIR

On September 25, 2021, the Police Department hosted an inaugural **Community Fair** at the Sean Connaughton Plaza located on the grounds of the McCoart Complex. The Department invited a variety of organizations from across the County and within the community to set up tables and booths where residents could learn more about the different organizations and the services offered. The fair included displays from the Police Department and other County agencies, food trucks, live music, face painters, balloon animals, activities for children, and more.

During the opening ceremony, Chief Peter Newsham stated, "This is our inaugural community fair. Last year [2020], the Prince William County Police Department began participating in the Virginia Department of Criminal Justice Services-Investment in Community and Law Enforcement Partnership initiative. The goal of this initiative was to improve community and police relations, and to expand police recruitment to our diverse communities here in Prince William County."

"As a result of result of this group's hard work, the Prince William County focus group came up with a concept of [the] community fair," Newsham added. "The concept was to create a fair that was specific to Prince William County that fosters lasting relationships with our diverse community by bringing together members of our law enforcement and citizens in a safe, trusting environment that includes diverse food, music, and children's entertainment."

Displays from the Police Department included members of the Horse Mounted Unit, Underwater Search & Rescue Team, Small Unmanned Aircraft Systems Unit, Animal Control and Shelter, Community Engagement, Recruitment, Bike Team, and other.

The day coupled with numerous attendees and support from community partners, beautiful weather and comfortable temperatures marked the event's success in celebrating diversity and unity in Prince William County. We look forward to hosting additional events of this nature moving forward.

To view a video from this event, please visit the **County YouTube page**.

# RECRUITMENT EFFORTS

When Chief Peter Newsham joined the Prince William County Police Department in February 2021, one of his top priorities was to diversify the agency to better mirror the demographics of our community. The Police Department was already in the process of working with the Police Executive Research Forum (PERF) to examine and study the agency's **recruitment efforts**. In June 2021, the study was completed with many of the recommendations being instituted.

The Department recognized the need to diversify our ranks to ensure we are reflective of the community we serve. The review conducted by PERF identified three major intercepts in our efforts to recruit and hire minority applicants: 1) eligibility requirements, 2) application process, 3) and physical testing.

Regarding eligibility requirements, the Department has always maintained strong hiring standards; however, considerations were given to enhance and improve our efforts by revamping the financial section of the process, which may have indirectly shown disparities within certain minority groups. Additionally, the Department has sought to clarify eligibility for guidelines online which were initially found to be ambiguous and open to interpretation.

The application process was also examined and was found to be overly extensive, potentially discouraging candidates to complete the process. In response, the Department streamlined or removed requirements which were irrelevant to modern day needs. The previous 31-page Personal History Statement was condensed to nine pages and a software system was purchased to utilize online forms and allow for better data analysis.

Lastly, the Department reviewed physical testing and decided to use this part of the process as a benchmark of overall fitness from an injury prevention standpoint, rather than a pass/fail portion of the overall process. This change has had an immediate impact on the success of hiring otherwise qualified applicants.

A full listing of all recommendations and actions followed is available on our website.

# PEER SUPPORT

In October 2021, the Police Department's **Peer Support Team** earned official accreditation from the Virginia Department of Health. The process through which a team may seek accreditation is extremely rigorous, and the team must meet several training and operations standards. Holding this accreditation status also means that the team is one of a select few that may provide their services to other jurisdictions through the Emergency Management Assistance Compact (EMAC) or through other emergency

requests as needed.

The Police Department's Peer Support Team was established to assist our members who, in the course of their duty, may become involved with a critical incident that may provoke an emotional reaction. After such incidents, the emotions experienced by members may have the potential to interfere

with their ability to function, either at the scene or after the incident. The Peer Support Team is comprised of members who volunteer their time and service and choose to serve in this challenging, yet rewarding and necessary role.

On behalf of the entire Police Department, we wish to congratulate the team, and its dedicated members for their hard work and commitment to serving the agency and one

another. This achievement is a testament to the quality of the team's members and the Department's continued efforts of improving wellness and resiliency amongst our members.

To learn more about the Police Department, visit our website.

# TECHNOLOGY: SUAS

In 2021, the Police Department launched a new part-time unit utilizing **Small Unmanned Aircraft Systems** (sUAS). The use of sUAS has increased amongst law enforcement agencies as an effective tool in many vital areas of public safety, due to their ability to protect the community, as well as officers. The Department has followed the development of sUAS technology over the years and recognized the benefits of implementing such a program in the county.

This cutting-edge technology is a useful and life-saving tool that can be deployed in certain situations. The sUAS can provide an aerial view to assist in traffic crash reconstruction, and helps officers locate lost individuals or people in crisis who may need immediate attention. These devices help keep

officers at a safe distance from potential threats, while allowing officer to obtain critical intelligence on a situation. Because of their size, the sUAS can be carried in a patrol car and quickly deployed at an incident by the Department's trained and licensed pilots.

The Department recognizes the privacy concerns in using this equipment, and only deploys sUAS in situations authorized by law. All sUAS deployments abide by legal requirements and guidelines, including FAA regulations, the Code of Virginia, and Department policy. Although the sUAS program is still new, benefits have already been achieved, particularly for documenting the scene of traffic crashes involving fatalities. The

Department anticipates that sUAS will be invaluable in other areas as well, such as search and rescue missions, locating missing and endangered persons, hostage or barricade situations, and crime scene documentation.

# AWARDS & RECOGNITIONS

#### COLOR/HONOR GUARD RECOGNITION

The Prince William County Joint Honor Guard Team, consisting of the Police Department and Sheriff's Office, were recognized by receiving first place in the Daly City Fourth of July Parade.

#### VALOR AWARDS, PRINCE WILLIAM CHAMBER OF COMMERCE

Seventy-four Department employees earned Valor Awards during the Prince William Chamber of Commerce Valor Awards for bravery and valor in the conduct of their duties.

#### VALOR AWARDS, VIRGINIA ASSOC. OF CHIEFS OF POLICE

Several members of the Police Department received 2021 and 2020 Awards for Valor from the Virginia Association of Chiefs of Police (VACP). Due to the COVID-19 restrictions on gatherings that were in place last year, the 2020 awards were recognized in 2021.

# VIRGINIA ATHLETIC TRAINERS' ASSOCIATION AWARD

Ms. K. Grover received the 2021 Clinical &

Emerging Practice Athletic Trainer of the Year award from the Virginia Athletic Trainers' Association

for her work helping Department members preventing and overcome injuries to return to duty.

#### WRAP DUI ENFORCEMENT AWARD

Officer W. Ward received this award from the Washington Regional Alcohol Program (WRAP) for his dedication to DUI and DUID enforcement.

# COMMUNITY ENGAGEMENT

**Community Engagement** is essential in any law enforcement organization. Through direct engagement between police staff and our residents and business owners, we can build lasting relationships amongst our community, while at the same time, enhancing public trust with police. Listed here are a few opportunities where our residents can engage with their Police Department.

#### CADET PROGRAM

This program was established for the purpose of providing training and experience in the field of law enforcement to young adults, 18 to 21 years of age, who have an interest in pursuing a law enforcement career with the Police Department.

#### CITIZEN'S ADVISORY BOARD (CAB)

The CAB offers a chance for our community to have direct input and contact with Police Department leadership to help maintain an open dialogue with our stakeholders and improve the relationship between the Department and our community.

### COMMUNITY POLICE ACADEMY (CPA)

The CPA gives residents an overview of the Police Department. Attendees gain a better understanding of the operation of the Department, and a greater awareness and appreciation of the challenges and decisions faced by police officers each day.

#### LAW ENFORCEMENT OFFICERS EXPLORER PROGRAM

This program provides youth with the knowledge of the law enforcement function in their community and gives participants an idea of day-to-day police operations. Involvement in the program establishes an awareness of the complexities of police service.

#### RIDE-ALONG PROGRAM

This program allows for residents to ride along with an on-duty police officer during their patrol shift. The Ride-Along program fosters a better understanding of the challenges, hazards, and rewards of a police officer's role in the community.

#### STUDENT INTERNSHIP PROGRAM

This program assists undergraduates in meeting their college academic requirements while enhancing classroom learning through real work experiences in their chosen field by helping to gain insight into whether law enforcement is the right career choice.

#### VOLUNTEERS IN POLICE SERVICE (VIPS)

VIPS help to increase police responsiveness, service delivery, information input, and they provide new program opportunities. In addition, volunteers can bring new skills and expertise to the job and prompt new enthusiasm.

# COMMUNITY OUTREACH

Just as important as community engagement, is our **Community Outreach** efforts. Unfortunately, the ongoing COVID-19 pandemic had an impact on some of these events in 2021. The Department has transitioned most of our community outreach events back to in-person. Here are some of those events our community can expect in the future.

#### COFFEE/CONE WITH A COP

These events invite community members to have coffee or ice cream at different locations in the County to discuss community safety and neighborhood concerns.

#### FACEBOOK LIVE

These community forums allow for Department members to speak directly to the community. Residents can address issues and bring up concerns with police staff.

#### NATIONAL NIGHT OUT

This yearly event is a chance for community members and business owners to promote partnerships and neighborhood camaraderie to build safer communities.

### NEIGHBORHOOD/WORSHIP WATCH

Whether it is your neighborhood or place of Worship, the Department offers opportunities, training, and guidance to make our community safer.

#### SANTA COPS

This program, with the FOP – Battlefield Lodge, pairs children and officers for a day of shopping during the holidays. This is a great opportunity to show a positive side of police.

#### SANTA RIDE

Members of the Motor Unit, and Santa, visit several elementary schools to see children during the holidays encouraging positive interactions with our community's youth.

### SPECIAL OLYMPICS OF VIRGINIA

The Department partners with the Special Olympics for the Torch Run, Plane Pull, and Polar Plunge. These events help to raise funds and awareness for an important cause.

#### TRUNK OR TREAT

"Trunk or Treat" is held in October at Manassas Mall featuring law enforcement agencies from the area to hand out candy to children in a safe environment.

# MEMBER HIGHLIGHTS

Throughout the year, the Police Department recognizes the actions of our officers that go above and beyond the call of duty. A committee of peers in each of the three patrol districts are select these officer(s) to receive recognition as the "Officer(s) of the Month".

Here are just a few examples of situations our officers faced in 2021. Their actions and quick thinking undoubtedly saved lives and are worthy of recognition.

These officers represent the 125 members who were named as "Officer(s) of the Month" for their respective district in 2021.

CENTRAL DISTRICT | Several Department members were recognized for their response and handling of a shooting that occurred at a home in the Manassas area on January 6, 2021. The incident stemmed from a domestic altercation where the suspect reportedly shot multiple family members inside the residence before fleeing the home. When officers arrived at the residence, the scene was understandably chaotic. Members utilized their trauma kits to render aid to the wounded and evacuated the victims to safety

while the whereabouts and threat posed by the suspect were unknown. One victim died from their injuries, while the two others survived. The suspect was ultimately located in Fauguier County where he

committed suicide after killing a passing motorist who had stopped to help the suspect after he crashed his vehicle.

<u>EASTERN DISTRICT</u> | Three officers received recognition for their response to a stabbing that occurred at an auto dealership in the Woodbridge area on June 23, 2021.

The incident was the result of an altercation between known parties. During the argument, the suspect stabbed the victim before both parties ran inside the business. Officers treated the victim for his injuries before he was transported to an area hospital. The

victim survived and the suspect was apprehended.

<u>WESTERN DISTRICT</u> | Two supervisors were recognized for their handling of a case involving a woman who appeared to have been abducted by an acquaintance on April 30, 2021. During a video call with a third party, the suspect was seen stabbing the victim. The

victim and the incident were determined to have taken place in another jurisdiction. Prince William authorities were able to determine the location of the victim and contact was made with law enforcement authorities in that area who located the victim badly injured. The victim survived and the suspect was arrested.

### SOCIAL MEDIA

The Police Department recognizes the need to keep the lines of communication open with our residents, business owners, and visitors to the County. The Police Department utilizes a variety of different **social media** platforms to inform and educate our community on topics such as serious incidents and traffic issues, safety resources and tips, and department recruiting and engagement events. These platforms also allow Department members to directly message with our community to address concerns and answer questions. Our robust social media presence includes Facebook, Twitter, Instagram, LinkedIn, NextDoor, and YouTube. The Police Department remains committed to our mission of building cooperation and trust with our community using social media.

## IN MEMORIAM

#### ASHLEY GUINDON | February 27, 2016

Officer Guindon and two additional officers responded to a home on Lashmere Court in Woodbridge for a reported domestic altercation.

Unbeknownst to the officers, the suspect had already killed his wife inside the residence. Upon making contact with the suspect at the front door, he suddenly and without warning, pulled out a firearm and opened fire, striking all three officers. Additional responding officers took the suspect into custody without further incident and immediately rendered aid to the wounded officers. All three officers were taken to an area hospital where Officer Guindon died of her injuries. The two other officers were critically wounded.

Officer Guindon was sworn-in the day prior to this incident on February 26, 2016. This incident was the first call Officer Guindon responded to that evening.

and three children.

### CHRIS YUNG | December 31, 2012

Officer Yung was killed at the intersection of Nokesville Road and Piper Lane in Bristow while responding to a separate traffic crash in Nokesville. Another vehicle made a left-hand turn from northbound Nokesville Road into a shopping center, crossing in front of the officer's motorcycle, causing a collision. Officer Yung was transported to a local hospital where he died from his injuries.

Officer Yung was a U.S. Marine Corps veteran and served in Iraq during Operation Iraqi Freedom. He had served with the Prince William County Police Department for seven years and was assigned to the Traffic Unit.

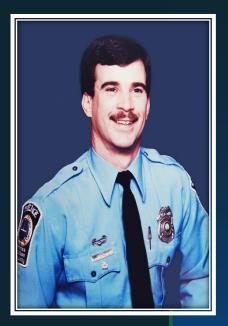

Officer Yung was a member of Law Enforcement United and served as a motor escort officer during the annual ride. He was survived by his wife

### PHILIP "MIKE" PENNINGTON | November 22, 1990

Officer Pennington and other members of the Special Weapons and Tactics (SWAT) Team were attempting to serve a search warrant related to the shooting of a law-enforcement officer. As the SWAT team surrounded the home, Officer Pennington and other officers knocked on the door and identified themselves.

Upon entering the home, the suspect was seen inside armed with a handgun. Officer Pennington, the assistant team leader, attempted to negotiate with the suspect to get him to surrender his weapon. Without warning, the suspect revealed a high-powered assault rifle and fatally shot Officer Pennington. The assailant was killed moments later by another SWAT team member.

Officer Pennington was a member of the Department for 11 years and was part of the SWAT Team.

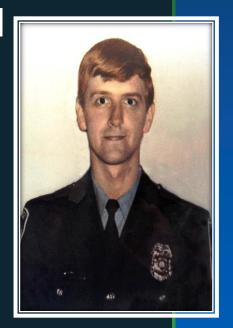

### PAUL "PETE" WHITE, JR. | October 27, 1973

Officer White succumbed to injuries received six days earlier when he was involved in an automobile accident at the intersection of Route 234 and Route 15, in the Haymarket area.

He was responding to the scene of another accident when his vehicle struck a ditch, overturned, and caught fire.

Officer White had served with the Prince William County Police Department for two years and had previously served with the Metropolitan Police Department, in Washington, DC, for one year.

He was survived by his wife, parents, and two brothers.

#### COMMUNITY POLICING ACT

The **Community Policing Act**, which began July 1, 2020, requires law enforcement agencies to collect certain demographic data and other information related to vehicle stops and encounters by police. This data initially included the gender, race, ethnicity, and age of the driver only; the initial reason for the stop; whether the officer issued a summons or a warning, made an arrest, or took no enforcement action; if a person or vehicle were searched; and if an additional arrest was made.

Beginning July 2021, data collection was expanded to include not only drivers, but also passengers and pedestrians who encountered law enforcement. Additional information required to be collected expanded as well, which now includes whether the individual speaks English and if force is used by either the officer or individual stopped.

For a detailed breakdown of the Community Policing Act data for Prince William County, visit the <u>Virginia State Police website</u>.

### NIBRS OVERVIEW

Implemented to improve the overall quality of crime data collected by law enforcement, the **National Incident-Based Reporting System** (NIBRS) captures details on each single crime incident<sup>1</sup>—as well as on separate offenses within the same incident—including information on victims, known offenders, relationships between victims and offenders, arrestees, and property involved in crimes.

Unlike data reported through the Uniform Crime Reporting (UCR) Program's traditional Summary Reporting System (SRS)—an aggregate monthly tally of crimes—NIBRS goes much deeper because of its ability to provide circumstances and context for crimes like location, time of day, and whether the incident was cleared.

As recommended by professional law enforcement organizations, the FBI has made nationwide implementation of NIBRS a top priority because NIBRS can provide more useful statistics to promote constructive discussion, measured planning, and informed policing. To increase participation, the UCR Program is partnering with the Bureau of Justice Statistics on the National Crime Statistics Exchange, working with advocacy groups to emphasize the importance of NIBRS data, and transitioned the UCR Program to a NIBRS-only data collection, as of Jan. 1, 2021. In addition, the UCR Program has made resources available to help agencies address the cost of transitioning, as well as the potential perception that an agency has higher crime levels when NIBRS establishes a new baseline that more precisely captures reported crime in a community.

For more information on NIBRS, visit the Federal Bureau of Investigation (FBI) website.

## CRIME RATE OVERVIEW

Historically, the **crime rate** in Prince William County was based on the offenses of murder, forcible rape, aggravated assault, robbery, burglary/breaking & entering, all larceny offenses, and motor vehicle theft. In Prince William County, those offenses usually account for less than half of total reported crime. To better gauge crime in our community, the crime rate was adjusted by comparing total crime in the county to the population.

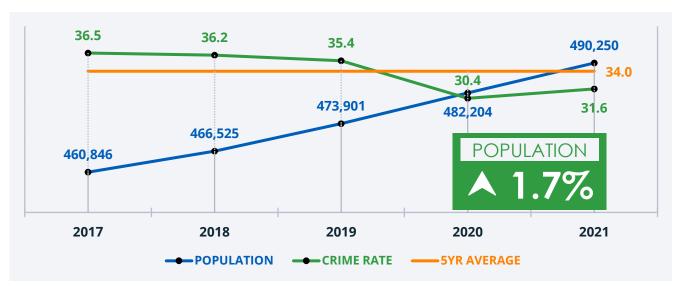

In 2021, the crime rate in **Prince William County measured 31.6 incidents per 1,000 residents**. The five-year illustration below reflects the new measurement of the crime rate. Based on the adjustments, the crime rate in 2021 increased from 30.4 the previous

year. Total crime, as measured by Group A Offenses, also rose 5.9% compared to the previous year. Although the crime rate increased, the rate remains lower than rates seen in pre-pandemic years and under the five-year average of 34.0.

## VIOLENT CRIME

**Violent Crime** are specific offenses that have significant impacts across our community. These crimes include the offenses of murder/nonnegligent manslaughter, forcible rape, forcible sodomy, sexual assault with an object, aggravated assault, and robbery.

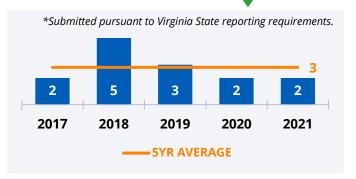

Violent crime rose by approximately 56 offenses in 2021 compared to the previous year, leading to an increase of about 5.7%.

### HATE BIAS MOTIVATION

**Hate Crimes** are not separate, distinct offenses, but rather reported crimes motivated by the offender's bias. Because of the difficulty of ascertaining the offender's subjective motivation, bias is

reported only if the investigation reveals sufficient information to lead a reasonable and prudent person to conclude that the offender's actions were motivated, in whole or in part, by bias against race, religion, disability, ethnicity or sexual orientation.

In 2021, there were two reported incidents of hate bias. Both incidents occurred in June. The first incident occurred in Manassas involving a vandalism to a vehicle where the offender wrote a discriminative word possibly targeting the victim's ethnicity. The second incident involved a threatening voicemail left at a house of worship in Woodbridge. Both cases remain under investigation.

## MURDER OVERVIEW

**Murder**, defined as the willful killing of one human being by another, is often considered the highest profile offense committed against a person. The classification of this offense is based solely on the police investigation as opposed to the determination of a court, medical examiner, or jury. This classification does not include deaths caused by negligence, suicide, crashes, or justifiable homicides. It also does not include attempted murder or assault to murder, which are counted as aggravated assaults.

As illustrated in the chart, the number of murders has varied from year to year and has not followed a predictable pattern. The analysis of individual cases also does not reveal any indicators that can be directly correlated to the number of murders or their causes.

The 10YR murder average of 9 is based on the number of victims from 2012-2021.

In 2021, there were 10 victims of murder, nine killed by gunfire and one killed in a stabbing. Based on the investigations, four of the victims were killed in domestic-related encounters. Three of the offenders committed suicide, while the fourth was arrested. Two victims were killed in narcotics-related incidents with offenders in both cases being arrested. Two victims were killed following an altercation at separate commercial establishments with individuals they did not know. In both incidents, the offenders involved were apprehended. One victim was killed following an altercation with a party who was known to them. That individual was arrested. One murder in 2021 remains under investigation.

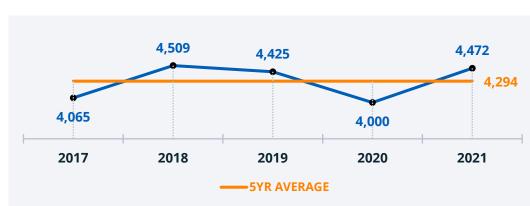

In addition to the murders above, there were two justified homicide incidents, two negligent manslaughter arrests, and one felony homicide arrest. To learn more about these cases and the murders from 2021, visit our **website**.

## CRIMES AGAINST PERSONS

**Crimes Against Persons** increased by 11.8% in 2021 when compared to the previous year. These crimes are counted by the number of involved victims, rather than reported incidents. As indicated, these offenses involve crimes in which an individual, not a business, is the victim.

Crimes against persons rose by approximately 472 offenses in 2021 compared to the previous year, leading to an increase of about 11.8%.

In 2021, **assaults** (simple and aggravated) accounted for approximately 91.8% of offenses in this category. The breakdown of assaults consisted of 82.1% simple and 17.9% aggravated. When examining assaults, incidents involving a firearm, blunt object, or sharp instrument made up 12.1% of all assaults, while 4.6% of injuries were reported as serious in nature. Incidents involving known parties accounted for 75.4% of all assaults.

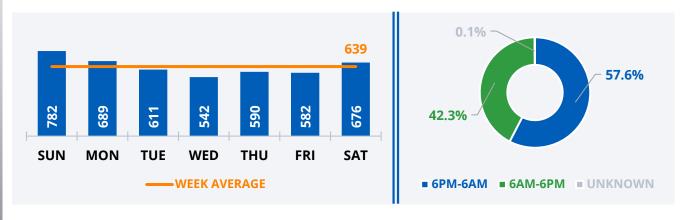

## CRIMES AGAINST PERSONS

As previously stated, crimes against persons are counted by the number of involved victims, not reported incidents. This is notable due to incidents which may involve multiple victims. For example, in 2021, **aggravated assault** victims totaled 734 in 548 reported incidents. As outlined below, additional context of offenses involving weapons, victim sustaining injuries, and how the parties are known to one another is also important so residents can properly gauge their own personal safety and the possibility of being the victim of a random crime.

### ASSAULTS ON PWC POLICE OFFICERS

Below is a snapshot of simple and aggravated assaults committed against **Prince William County police officers**. In 2021, there were 134 total assaults on officers, down from 152 assaults the previous year. Assaults on officers does not include intimidation.

Assaults on police officers fell 11.8% in 2021 compared to the previous year. The total is also under the five-year average of approximately 141 assaults.

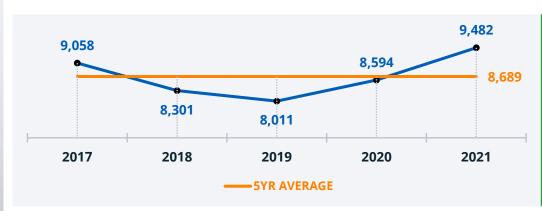

Intimidation accounted for 37 additional offenses against PWC Police Officers in 2021.

## CRIMES AGAINST PROPERTY

**Crimes Against Property** increased by 10.3% in 2021 when compared to the previous year. These crimes are counted by the number of reported offenses, not involved victims. As indicated, these offenses involve crimes in which property is the primary object.

Crimes against property rose by approximately 888 offenses in 2021 compared to the previous year, leading to an increase of about 10.3%.

## CRIMES AGAINST PROPERTY

Unlike crime against persons, crimes against property are counted by reported offense, not by victim. Certain crimes against property, such as robbery, could involve multiple victims or reports of injury, or varying force used by the offender. As with all crime, contextual details are important to gauge overall safety.

# CRIMES AGAINST SOCIETY

**Crimes Against Society** decreased by 24.2% in 2021 when compared to the previous year. These offenses represent society's prohibition against engaging in deviant activity, such as gambling, drug use, and prostitution, or certain types of activity in which property is not the object.

Crimes against society fell by approximately 496 offenses in 2021 compared to the previous year, leading to a decrease of about 24.2%.

Over the past few years, lawmakers began the process of legalizing the adult-use of cannabis in the Commonwealth of Virginia. In July 2021, Virginia authorized a new state authority to regulate the industry and legalized simple possession and limited home cultivation for adults 21 years of age and older. While laws regarding the distribution, public use, and driving while impaired have remained in place, a drop in drug/narcotics violations can be expected over the coming years as additional legislation is implemented.

#### OVERDOSE DEATHS

The Police Department is committed to working with local and state authorities to decrease **drug abuse and overdoses**. The department partners with Community Services and the Virginia Department of Health to conduct enforcement efforts which reduce unlawful narcotics distribution in Prince William County. Regarding overdoses specifically, the Police Department investigates those encounters which result in a death or implications of unlawful distribution. In all other cases, the individual is encouraged to seek help through resources offered in the public or private sector.

Based on the manner of death known in overdoses cases, opioids, including Fentanyl, accounted for 69.7% of the total overdose-related deaths in 2021.

\*Manner of death is determined by the Medical Examiner's Office. Many cases in 2021 are pending the results of toxicology reports to confirm cause of death.

In 2021, the Prince William Community Services Behavioral Health & Wellness Program, through a SAMHSA State Opioid Response grant, placed **medication drop boxes** at each of the three district police stations in Prince William County. These boxes, which are available 24 hours a day, seven days a week, allow residents to safely dispose of unused and unwanted medications with no questions asked.

Unused and unwanted medications kept in the home are highly susceptible to diversion, misuse, and abuse. Opioid medications specifically, pose a significant risk since they can be highly addictive and may lead to the use and abuse of other illegal drugs.

To find a district police station closest to you for medication disposal, visit our <u>website</u>.

# ARRESTS OVERVIEW

Law enforcement agencies report **Arrest Data** for all persons apprehended for the commission of Group A or B Offenses as defined by NIBRS. The arrest data includes information about the person arrested and the circumstances of the arrest. Furthermore, individual arrest data as recorded by NIBRS may not directly correlate with the clearance of specific offenses.

2021 ARRESTS

The following table reflects the number of persons, separated by adults and juveniles, who were arrested for offenses committed this year compared to the previous year. In 2021, arrests for

crimes against persons accounted for approximately 50% of all arrests for Group A Offenses. Additional arrests are often made during the year for offenses that were reported to have occurred in previous years as investigations progress or when offenses are reported in later years beyond when they occurred. Officers made an additional 218 arrests in 2021 for offenses that occurred in previous years.

### FATALITY CRASHES (PWC)

In 2021, **fatality crashes** increased by 64.7% from 17 to 28 when compared to the previous year. Of note, fatality crashes involving a juvenile being killed totaled five of the 28 crashes that occurred

in the County in 2021, a 10-year high. Driver impairment, excessive speed, and not wearing a seatbelt were contributing factors noted in several fatalities from the year.

To improve roadway safety, the Police Department continues to aggressively enforce traffic violations. The Department also strives to educate the public through public service announcements and social media awareness campaigns.

## MENTAL HEALTH OVERVIEW

#### CO-RESPONDER UNIT

The Prince William County **Co-Responder Unit** is a collaborative effort between the Police Department and Community Services. The teams within the unit are comprised of police officers and mental health clinicians who respond together to calls for service (CFS) involving individuals experiencing a mental health crisis. Utilizing this joint approach allows the team to meet the person in crisis in the community where they are most comfortable, feel more secure, and can maintain their dignity. The unit utilizes crisis intervention techniques and other problem-solving skills to de-escalate situations and develop resolutions that are in the best interest of individuals in crisis, as well as the community. The unit seeks to divert the individual to mental health resources, as opposed to placing criminal charges.

### CRISIS INTERVENTION TRAINING

In addition to the Co-Responder Unit, officers from across the Police Department are **Crisis Intervention Trained (CIT)**. This 40-hour block of specialized instruction provides critical training for members to assist on mental health related calls in the event a Co-Responder Unit is unavailable. The Department seeks to increase this training over time.

# COMPLAINT ANALYSIS

The Police Department accepts and investigates all complaints and allegations of misconduct, including anonymous complaints. In doing so, the Department strives to be fair to both the complainants and the members involved. The Department also seeks to impose disciplinary actions as necessary in a fair and impartial manner.

TOTAL COMPLAINTS	INTERNAL	COMMUNITY

#### DEFINITIONS OF FINDINGS

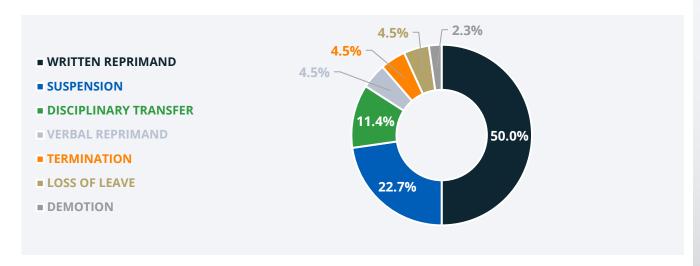

- **SUSTAINED** There is sufficient evidence to justify a formal finding of wrongdoing under a General Order, departmental directive, County rule or ordinance, or other law. Formal disciplinary action will often accompany complaints with a sustained finding.
- **UNFOUNDED** The allegation is false or otherwise not factually supported; or the complaint did not involve police personnel from this Department.
- **INFORMAL FINDING** The alleged act did occur but did not rise to the level of a formal policy violation such that discipline is needed to correct the behavior. Informal findings are usually accompanied by squad level guidance, counseling, or remedial training, and by definition cannot result in formal disciplinary actions.
- **EXONERATED** The alleged act did occur but was lawful and in accordance with Department policy. Exoneration is a finding that the act was justified and lawful.
- **NOT SUSTAINED** There is insufficient evidence to prove or disprove the allegation.

	EXONERATED	INFORMAL FINDING	NOT SUSTAINED	SUSTAINED	UNFOUNDED
COMMUNITY	1	2	2	5	11
INTERNAL	1	3	0	29	2
TOTAL	2	5	2	34	13

INTERNAL COMPLAINTS	COMMUNITY COMPLAINTS		
FAILURE TO CONDUCT THOROUGH INVESTIGATION	UNPROFESSIONALISM		
FAILURE TO CONDUCT THOROUGH PRISONER SEARCH	MISHANDLING INVESTIGATION		
NOT FOLLOWING PROCEDURES	ARREST/SEARCH COMPLAINT		

Complaints may have numerous allegations and involve more than one officer. Unprofessionalism encompasses specific complaints of discourtesy, rudeness, demeanor, and general conduct. Arrest/Search Complaints encompasses complaints of out of policy arrests and search and seizure incidents.

### BIASED/PROFILING & EXCESSIVE FORCE COMPLAINTS

In 2021, the Police Department received no complaints of bias/racial profiling or excessive force. Allegations of this nature are taken very seriously. Historically, the Department has maintained few sustained complaints of this nature. Over the past five years, there has been only one sustained complaint of bias/racial profiling and a separate sustained complaint of excessive force.

### USE OF FORCE ANALYSIS

The Police Department reports and investigates all instances in which members use force to effect or maintain a lawful arrest or detention. Accidental, self-inflicted, and pre-existing injuries to prisoners are also investigated and documented. The Department's Use of Force Policy can be accessed on our **website**.

#### USE OF FORCE OVERVIEW

In 2021, 95.7% of arrests resulted in no force used. The Police Department conducted a force investigation in 471 separate encounters. As a result, force was determined to have been used to effect a lawful arrest or detention in 463 of those investigations, while eight were deemed no force was used by definition.

The Police Department defines **Use of Force** as when an officer uses any physical action, up to and including tools and equipment, to overcome the resistance from an individual who is being lawfully detained or arrested. In addition, any action by an officer that results in an injury or mere complaint of an injury by an individual while the officer is in the process of making or assisting with a lawful arrest or detention, is also investigated.

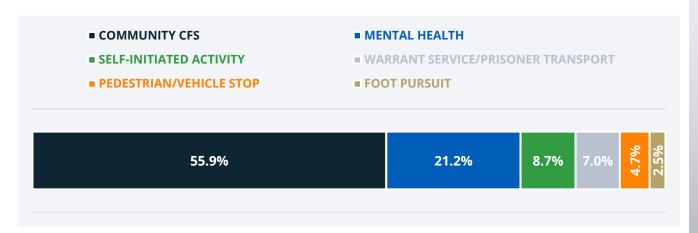

TYPE OF FORCE DURING ENCOUNTERS						
92.4%	6.4%	1.2%				
NO TOOL, EQUIPMENT OR WEAPON	OLEORESIN CAPSICAN (PEPPER SPRAY)	ELECTRONIC RESTRAINT (TASER)				

	BLACK	HISPANIC (ANY RACE)	WHITE	OTHER*
NO TOOL, EQUIPMENT OR WEAPON	186	93	105	8
OLEORESIN CAPSICAN	31	23	14	2
ELECTRONIC RESTRAINT	4	5	3	0
USE OF FORCE	46.9%	25.7%	25.3%	2.1%
TOTAL ARRESTS	38.5%	28.4%	31.2%	2.0%

<sup>\*</sup>The "OTHER" race group includes persons of Asian, American Indian or Alaska Native, and Native Hawaiian or Pacific Islander decent. Races noted as unknown or refused are also included as "OTHER".

Force investigations are broken down below by call type. 'Community Call for Service (CFS)' includes any incident received from a community member that is not included in one of the other designated call types; such as shoplifting, trespass, disorderly, etc. 'Self-Initiated Activity' includes incidents that occur during an officer's proactive duties; such as foot patrols, traffic direction, follow-up activities or other instances where an officer encounters or witnesses an incident.

### ARREST/IN-CUSTODY INJURIES

In 2021, the Police Department documented and investigated 731 individuals who reported an injury while in police custody. Most of the reported instances, 551 individuals or about 75.4%, were determined to have pre-existing injuries sustained prior to police contact, self-inflicted injuries, or injuries as the result of an accident while in police custody, such as an individual who trips or slips while being escorted by an officer.

Of the total reported injuries, 180 individuals, or about 24.6%, reported some type of injury sustained from a police action or use of force incident. In those specific encounters, 18 individuals sought treatment at a medical facility. Seven individuals were treated for a complaint of pain or had no visible injury, while 11 were treated for an abrasion or laceration. No individuals who were injured as a result of a police action or during a use of force encounter sustained serious injuries.

## INTERVENTION ANALYSIS

The Office of Professional Standards is responsible for administering the **Early Identification System (EIS)**, a database that flags members when specified criteria occur. The goal of this system is to reduce potential negative consequences for the member, fellow members, the agency, and our community. EIS is used to identify and assess member performance and intervene where appropriate.

Beginning late in 2019, the Police Department began categorizing all uses of force as either Level 1 (physical or chemical force where there was no or minor injury) or Level 2 (force involving Electronic Restraint, Impact Device, canine, or firearms and/or serious injury such as major bleeding, broken bones, or any treatment at a medical facility). In late September 2021, the Department began categorizing the lowest levels of physical force as Level 0 to better capture force encounters to improve analysis.

When any member has been involved in two or more sustained or not sustained complaints, or when any sworn member has been involved in three or more Level 2 use of force incidents, five Level 1 use of force incidents, or any combination of five use of force incidents in any six-month period, an EIS investigation will be initiated.

In 2021, there were 15 EIS activations involving 14 separate members. Of the total activations, 12 were the result of uses of force. The remaining three were due to an internal or community complaint.

In each EIS Alert involving uses of force in 2021, all underlying use of force incidents were re-examined, and no further action was warranted. No patterns of excessive use of force were found in any of these EIS cases. In reviewing EIS Alert related to complaints, personal and off-duty difficulties were explored. Appropriate actions were taken to assist those members in need. All members who receive an EIS alert investigation are reminded of the Department's Wellness and Resilience services.

## ADDITIONAL ANALYSIS

#### VEHICLE PURSUITS ANALYSIS

In 2021, the Police Department engaged in three pursuits. All pursuits were thoroughly investigated, and all were found to be within the parameters of our current pursuit policy. All three pursuits were related to a violent felony. The pursuits ended when one driver surrendered, one was apprehended after a crash, and one pursuit left Prince William County. All three pursuits occurred between 6 p.m. and 6 a.m. and two involved speeds in excess of 65 MPH. The Department's Pursuit Policy can be found on our **website**.

#### GRIEVANCES ANALYSIS

In 2021, there were no grievances filed. This makes the fifth consecutive year where no grievances were filed by Police Department members receiving discipline. Historically, in the last 20 years, there have been no more than two grievances filed in any single year. We attribute this to the quality of investigations and consistent discipline levied to members. There is also a culture within the Department of realizing mistakes are made, and corrective action is deemed necessary.

All members receiving discipline are provided options on steps to take should they wish to appeal or grieve discipline. Both hard copy pamphlets and online access to information is accessible to all employees.

### LAWSUITS ANALYSIS

In 2021, four lawsuits were filed against members of the Police Department. Three lawsuits filed against the agency were related to vehicle crashes. Two of those suits are still active; one is pending a settlement agreement while the second remains in pre-trial preparation.

## CALEA ACCREDITATION

Since 1987, the Prince William County Police Department has been nationally accredited by the <u>Commission on Accreditation for Law Enforcement Agencies, Inc.</u> (CALEA). This independent entity was founded in 1979 through the joint efforts of the International Associations of Chiefs of Police, the National Organization of Black Law Enforcement Executives, the National Sheriff's association, and the Police Executive Research Forum.

The Commission is charged with administering an accreditation process unique to law enforcement agencies in the United States and several foreign nations. The goal of the process is to increase the professionalism of law enforcement agencies.

The accreditation process benefits both the agency and the community it serves by ensuring that the Department remains committed to providing the highest quality of professional service while promoting community cooperation and understanding, which are essential to 21st century policing.

At the time of our initial accreditation in 1987, the Prince William County Police Department was the 55th agency nationwide to achieve this status. Since then, the Department has undergone the process of being re-accredited, most recently in 2019.

This process involves an exhaustive review by a team of outside assessors to ensure our compliance. The Department is proud to hold this nationally accredited status. In 2009, the Department became the fifth law enforcement agency in the United States to earn the TRI-ARC Award of Excellence from CALEA. The TRI-ARC Award is bestowed upon agencies that concurrently hold all three CALEA accreditation awards: Law Enforcement Accreditation, Public Safety Communications Accreditation, and Public Safety Training Academy Accreditation.

# OATH OF HONOR

On my honor, I will never betray my integrity, my character, or the public trust.

I will treat all individuals with dignity and respect and ensure that my actions are dedicated to ensuring the safety of my community and the preservation of human life.

I will always have the courage to hold myself and others accountable for our actions.

I will always maintain the highest ethical standards and uphold the values of my community, and the agency I serve.

#### UNDERSTANDING THE OATH OF HONOR

A public affirmation of adhering to an **Oath of Honor** is a powerful vehicle demonstrating ethical standards. Before officers take the Law Enforcement Oath of Honor, it is important that they understand what it means. An oath is a solemn pledge individuals make when they sincerely intend to do what is said.
