The CIP projects are broken up into multiple sections by functional and magistrate district areas. Projects that fall in these specific areas can be easily accessed by clicking one of the choices from drop down menu found towards top of application, underneath the banner.

Each CIP project can be found on the left-hand side of the application. Each is indicated by a small thumbnail photo, as well as the project name.

Clicking each project from the side menu will reveal a brief description about that projects in a window that appears on the map.

Zoom in feature allows for a detailed projects with line segments associated with them (roads and trails) are included on the map to give an approx. visual of the extent of that particular project.

Search by address to find out what’s coming near you.

The CIP Web Mapping Application is available online at www.pwcgov.org/cipmap.
