Trigger Time is a Prince William 4-H Shooting Education Program that uses shooting as a vehicle to teach youth life skills such as responsibility, self discipline, and teamwork. Youth learn marksmanship and the safe and responsible use of firearms through the 4-H Project. The focus of all 4-H programs is the development of youth as individuals and as responsible and productive citizens. The activities of the program, and the support of caring adult leaders, provide young people with opportunities to develop life skills, self-worth, and conservation ethics.
