### **New Business:**

- Members discussed high priority projects for the next year. J Boeder provided update on smart salt training and provided information on the Low Salt Design Guide. Schools are moving forward with their emissions reduction plan, having Sustainability leads serve as mentors at the schools, and exploring ways of implementing composting programs at schools. Discussed whether stormwater maintenance and education is a priority for the JET to continue to look at.
- Discussed the implications of One Big Beautiful Act and the impacts on school and county renewable energy projects. G Manno shared a summary of renewable energy and electric vehicle projects that would be impacted. J Gubert shared that electric vehicle projects may be impacted on the schools.

**Member Time:** None

### **Departmental Reports:**

- G Manno informed county government are tracking the Legislative Agenda to keep leadership informed on the JLARC Study and Data Centers. Three solar projects are moving into the design phase on county buildings and building electrification study will be done at the end of September. Preliminary Strategic Plan implementation information will be presented to the Board next month and are in the process of planning Government Operations Greenhouse Gas Inventory. The Climate Risk and Resilience Manager position and Green Buildings Management positions will be posted next month.
- J Gubert shared update on PWCS's next version of Strategic Plan.

**Meeting Adjourned at 7:18 PM**
