

SUSTAINABILITY COMMISSION RESOLUTION

**MOTION:** FREED

**SECOND:** WARD

**RE:** APPROVAL OF REVISION ON LEGISLATIVE AGENDA RECOMMENDATIONS

**ACTION:** APPROVED

**August 28, 2025  
Regular Meeting  
RES. No. 25-019**

**WHEREAS,** Due to the fact that solar installations are key to meeting the goals of the CESMP, reduce barriers to clean energy generation to help meet huge increases in electricity demand. We recommend instructing the State Corporation Commission to limit changes to net metering and other programs that would reduce the financial viability of solar power systems for residential and small business customers

**NOW, THEREFORE, BE IT RESOLVED,** that the Prince William Sustainability Commission does hereby approve its revisions to their legislative agenda recommendations on Solar Metering Issue as presented.

**Votes:**

**Ayes:** By acclamation
