Public Safety Training Academy Guidelines

Classroom Rules

- We do not allow walk-ins regardless of space in the class.
- Be on time at the beginning of the day and after lunch.
- Turn technology devices to silent or vibrate mode. Technology devices applies to any device that makes or receives phone calls, leaves messages, sends text messages, surfs the internet, or down-loads and allows for the reading of and responding to email.
- Loud, rude, or disorderly conduct will not be tolerated.
- No one may carry, either openly or concealed, firearms or other dangerous weapons.
- Alcoholic beverages are not allowed on premises.
- Return tables and room to the prior configuration at the conclusion of your training.
- For computer related problems/assistance, please contact Customer Service at 703-792-7447.

Parking

The parking area for those attending classes is designated as the spaces in front of the building near the flag poles. Refrain from parking in the lot behind the building as the staff needs those spaces for both county and personal vehicles. Maintain a speed of 35 m.p.h. on Academy grounds.

Dress Code

Department uniforms or business casual attire is acceptable. No shorts, obscene, or offensive T-shirts or open toe shoes are permitted during training classes. All DFR career personnel shall wear a class "C" uniform unless otherwise directed.

Immediately notify the staff duty person if you or someone in your class is injured while at the Public Safety Training Academy.

After Hours Phone Numbers:

Staff-duty:	703-792-4487
Class cancellation line:	703-792-6498

VISION

The Prince William County Public Safety Training Center (PSTC) strives to deliver the highest quality, state of the art, and most comprehensive training programs and services to our uniform and non-uniformed members within our fire and EMS system. The PSTC training programs enable our fire and EMS service members to become the best trained, best prepared and most effective emergency response force in the Northern Virginia Region.

MISSION

The Prince William County Public Safety Training Center (PSTC) will deliver a wide variety of services to firefighters, emergency responders, and the citizens of Prince William County. The PSTC advances public safety through firefighter and EMS training, education, fire prevention, investigative, special operations, technical rescue programs and leadership and management courses. The timely delivery of these essential services enables the PSTC to make significant contributions to the safety of our personnel and to the citizens of Prince William County.

VALUES

Unity
Ultimate Performance
Personalized Delivery

PRINCE WILLIAM COUNTY DEPARTMENT OF FIRE AND RESCUE

Prince William County's fire and rescue system is comprised of the Department of Fire and Rescue and eight volunteer fire and rescue departments. These organizations collectively work together to provide high quality and efficient firefighting and emergency medical services to Prince William County. The County's Department of Fire and Rescue currently consists of 700+ members, a combination of civilian and uniformed personnel.

The Department of Fire and Rescue is comprised of three main sections:

The **Community Safety Section** is responsible for reducing hazards that contribute to the cause and spread of fire. This area of responsibility is demonstrated through code enforcement, fire and explosion investigations, fire protection system and plan reviews, community fire and life safety education and emergency management.

The **Operations Section** is responsible for response to fire, emergency medical, hazardous materials and citizen assist calls. This section is also responsible for basic and advanced pre-hospital emergency medical care, fire hazardous materials incident mitigation and health and safety services for department members.

The **Systems Support Section** is an internal customer service provider. The Systems Support section manages department programs and activities from "behind the scenes" to ensure prompt, efficient and effective service to the Prince William County community. This section includes human resources, training, administrative support, budgeting and accounting, planning and analysis, information technology, logistical support and communications. Both uniform and non-uniform members staff this section, providing a diverse mix of internal services to the department and its members.

PRINCE WILLIAM COUNTY

FIRE AND RESCUE SYSTEM

The Prince William County Fire and Rescue System is a collaborative system of the County's Department of Fire and Rescue and eight volunteer fire and rescue departments and is responsible for the provision of fire, rescue, and emergency medical services programs to Prince William County and its incorporated towns. The County's Department of Fire and Rescue Chief serves as the leader of the System and is responsible for overseeing all fire, rescue, EMS, emergency management, fire prevention, and other related public safety operational and management functions.

PRINCE WILLIAM COUNTY FIRE AND RESCUE SYSTEM

MISSION, VISION, AND VALUES

Mission

To protect and support our community through education, prevention, and emergency response.

Vision

The Prince William County Fire and Rescue System is comprised of dedicated volunteer and career members who strive to provide exceptional services through the pursuit of inclusion, innovation, and involvement.

Values

Integrity - We will always demonstrate the utmost honesty, by upholding our principles at all times, and being accountable for our actions.

Excellence - We will surpass the standard to achieve the absolute best in all that we do.

Pride - We will share an identity that fosters a culture of inclusion, confidence, honor and respect.

Questions regarding Emergency Management/Incident Command Classes?

Incident Command System (ICS) Classes

Registrations for ICS courses are through the [Commonwealth of Virginia Learning Center \(COVLC\)](#).

For any questions or assistance with the COVLC please contact lmshelp@vdem.virginia.gov.

For any questions or assistance with PWC Emergency Management please call: **(703) 792-5627** or email us at emergencymanagement@pwcgov.org

Access more information on these classes at:

<https://www.pwcva.gov/departments/office-emergency-management/training-opportunities/>

About the Emergency Operations Center:

The County's [Office of Emergency Management](#) coordinates efforts to ensure that the County is able to mitigate against, prepare for, respond to and recover from any type of natural or human-caused disaster. The County uses an all-hazards approach to emergency preparedness, which means that planning efforts consider all types of disasters that could occur in the County.

Emergency Management resides under the Department of Fire and Rescue. We work in collaboration with our whole community partners, including the American Red Cross, Volunteer Prince William and many others in order to help achieve implementation of the Emergency Management Standard. In addition to emergency planning and coordinating, we also:

- Maintain the PWC Emergency Operations Center (EOC)
- Maintain the [PWC Emergency Operations Plan \(EOP\)](#) and [Hazard Mitigation Plan](#)
- Facilitate training and exercise programs on intra-agency, inter-agency and multi-jurisdictional levels
- Manage Homeland Security grants from the federal government
- Manage emergency notifications and alerts to the public as well as County employees
- Develop, coordinate and implement public outreach programs to ensure a 'culture of preparedness' at the local level
