## Expenditure Budget

**\$51,675,045**

*Totals may not add due to rounding.*

The Agreements, Donations, Grants, and Memberships section contains the following areas:

- A. Interjurisdictional Agreements**
- B. Donations**
  - Community Partners Program
  - In-Kind Donations
- C. Grants and Matching Funds**
- D. Memberships**

These areas support the County by delivering services and programs in a cost-effective manner, minimizing the need for additional personnel and expenditure budgets. By leveraging these funding areas, the County can redirect resources towards strategic priorities while avoiding the higher costs associated with direct service delivery or program expansion.

Interjurisdictional agreements establish shared costs for specific expenditures, such as the Birmingham Green facility, where costs are allocated based on resident utilization, formula or other requirements. Memberships enable the County to collaborate with local, state, and national organizations, fostering partnerships that enhance service delivery and resource sharing. Grants and Matching Funds provide the County with opportunities to secure additional financial resources by aligning local contributions with external funding, amplifying the impact of County programs and initiatives.

The Community Partners Program and In-Kind Donations enhance the County's ability to support critical services by partnering with nonprofit and community-based organizations. Community Partners, which are non-profit organizations receiving direct or indirect funding from the County, help reduce service costs by leveraging scarce County resources alongside other funding sources and fundraising efforts. These partnerships enable residents to access direct services more efficiently, often providing quicker responses to community needs. In-Kind Donations further extend the County's capacity to meet community needs by providing goods, services, or expertise without requiring financial outlays.
