1. The proposed action will not result in significant environmental impacts.

Finding: *Review of the below anticipated impacts.*

Notes:

2. The proposed action will not result in substantial controversy on environmental grounds.

Finding: *Review of the below anticipated impacts.*

Notes:

3. The proposed action will not result in significant impact on properties protected by Section 4(f) of the Department of Transportation Act or Section 106 of the National Historic Preservation Act.

Finding: *Review of the below anticipated impacts.*

Notes:

4. The project sponsor confirms that proposed action will not result in any inconsistencies with any Federal, State, or local law, requirement or administrative determination relating to the environmental aspects of the action.

IMPACTS:

5. The proposed action will not involve acquisition of more than minor amounts of temporary or permanent right of way.

Finding: *Review of scope indicates no right of way is required.*

Notes:

6. The proposed action will not involve residential or non-residential displacements.

Finding: *Review of scope indicates no displacements are required.*

Notes:

7. The proposed action will not result in capacity expansion of a roadway by addition of through lanes.

Finding: *Review of project scope indicates there will be no new lanes carrying traffic for 2500 feet or more.*

Notes:

8. The proposed action does not involve the construction of temporary access, or the closure of an existing road, bridge, or ramps that would result in major traffic disruptions based on the context and intensity of the impact.

Finding: *The project will not result in any road closures or detours constituting a major traffic disruption.*

Notes:

9. The proposed action does not result in a determination of adverse effect on historic properties pursuant to Section 106 of the National Historic Preservation Act (54 U.S.C. §306108).

Finding: *Other; brief narrative provided in notes.*

Date of
