### **III. Approval of Minutes**

June 16, 2026

### **IV. Reports of Sub Committees**

- CTE Update
- Pet Stores

### **V. Old Business**

- Animal Welfare
- Dog licensing outcome
- Virginia Legislative Update
  - *The next regular session of the Virginia General Assembly is scheduled to convene on January 13, 2027. As you know, the process of developing the county's legislative priorities package requires that we begin the process well before the beginning of the session. In addition, the legislature will limit the number of bills that each member can file for the session, which makes it especially important for the county to make requests in a timely manner. With that in mind, we are asking department heads to submit their requests for 2027 legislative priorities no later than July 24, 2026.*
  - Determine which bills we'd like the BOCS to support so they can be submitted before July 24<sup>th</sup>.
- Resolution to BCOS to add additional Animal Services Center Resources

Resolution to BOCS to compile a legislative packet in support of HB1238 and HB1415 for next session in Richmond.

- Proposed Directive: Chair Jefferson: Animal Advisory Committee Terms (Chair Jefferson, July 7, 2026 BOCS Agenda item).
- AERO is conducting a class on administering mosquito treatments and responsible pesticide use. Link to register: [Protecting Wildlife & Pollinators: Safer Mosquito Control Solutions.](#)

## **VI. New Business**
