### STRATEGIC GOAL

The County will maintain an economic development climate that will attract and foster the expansion of environmentally sound industries to create quality jobs, diversify the nonresidential tax base, and allow people to live in, work in, and visit Prince William County.

The County will provide a quality educational environment and opportunities in partnership with the School Board, the education community, and businesses to provide our citizens with job readiness skills and/or the academic qualifications for post-secondary education and the pursuit of life-long learning.

The County will provide efficient, effective, integrated, and easily accessible human services that support individual and family efforts to achieve independence and self-sufficiency. The County shall focus on leveraging state and federal funding and maximizing community partnerships.

The County will continue to be a safe community, reduce crime and prevent personal injury and loss of life and property.

The County will facilitate intra/inter jurisdictional movement that gets people to jobs, improves safety, reduces congestion, reduces travel time, supports and encourages ecconomic development, and is environmentally sensitive.

### I. Major Issues

- A. One-time Cost Reductions Several items included in the FY 03 Budget totaling \$62,514 represented one-time expenditures which have been removed from the FY 2004 Adopted Budget. They included a contribution of \$50,000 to assist with the fundraising efforts of the Science Museum of Virginia to construct the Belmont Bay Science Center in Prince William County to bring science education programming to northern Virginia. An amount of \$12,000 was included to provide seed money to enable the Science Museum of Virginia Foundation to seek grant funding from other sources. The balance of \$514 was included to adjust the scheduled cost of living increase for Legal Services of Northern Virginia to 3.0 percent which was consistent with other contribution agencies.
- **B.** Performance Measure Revision Administrative and Clerical Support -The administrative staff has revised the way communication is tracked in the office due to the significant increase in email and fax messages received. Previously, only telephone calls have been tracked. In the future, the combination of phone calls, emails and fax communications will be reported as one measure.

|   | FY 04<br>Base | FY 04<br>Adopted |
|---|---------------|------------------|
| -Telephone calls, email and fax messages answered | NA            | 63,000           |

### II. Budget Adjustments

### A. Compensation Additions

Total Cost - \$214,734 Supporting Revenue - \$0 Total PWC Cost - \$214,734 Additional FTE Positions - 0.00

1. **Description** - Compensation increases totaling - \$214,734 are added to support a 3.0% Pay Plan increase, an average four step merit increase, a 20% Health Insurance rate increase, a Delta Dental rate increase, and funds to support the reclassification of selected positions. Additional detail concerning these increases can be found in the Unclassified Administrative section of Non-Departmental.

### B. Employee and Staffing Services - Consulting Services

Total Cost - \$127,900 Supporting Revenue - \$0 Total PWC Cost - 127,900 Additional FTE Positions - 0.00

1. **Description** - An increase of \$127,900 is included to support human resource management systems including, procurement of upgraded compensation software, procurement of Benefits Administration consulting contracts for the 401, 457 Deferred Compensation Plans and, the dental plan which are due for renewal in FY 04. In addition, a portion of this funding increase will support the procurement of consultation services to assist the County with implementation of the Health Insurance Portability and Accountability Act (HIPAA), which covers the privacy provisions of the federal law, which apply to health information created or maintained by health care providers.

The increases are primarily attributable to the projected increases in Prince William County's population based on the Center for Public Service estimates.
  - VACo is a service organization dedicated to improving County government in the Commonwealth. To accomplish this goal, the Association represents Virginia counties regarding State legislative issues impacting localities. The association also sponsors conferences, publications, and programs designed to improve County government and to keep County officials informed about developments in the State as well as across the nation.

### II. Budget Adjustments (continued)

- The VML is a nonprofit, nonpartisan organization of cities, towns, and urban counties established to improve and assist local governments through research, training, and other services. League activities include: the sponsorship of conferences, legislative lobbying, training sessions for elected officials, and the publication of a periodical, *Virginia Town and City*. Forty cities, 155 towns, and 14 urban counties in Virginia contribute to the VML based on population.
- The Northern Virginia Regional Commission is charged with the promotion of the physical, social, and economic development of the Northern Virginia area by encouraging and facilitating local government cooperation. The work of the Commission is supported primarily by annual contributions from 13 member jurisdictions, as well as state and federal funding. When the General Assembly passed the Virginia Area Development Act of 1968, which subdivided the Commonwealth in 22 planning districts, each to be serve by a Planning District Commission (PDC), membership was not mandated by the State, however, non participating localities are ineligible for certain federal grant programs.
- The High Growth Coalition is comprised of member jurisdictions confronted with unique
  fiscal and infrastructure development challenges associated with rapid growth who are
  concerned with the need to address land use issues in a more unified and strategic approach.
  The Coalition provides counsel and advice on land use issues to the Governor and legislative
  leadership.
- 2. ### I. Major Issues

- **A.** One Time Non-Recurring Items Reduced From the County Attorney Budget A total of \$67,772 has been removed from the FY 04 County Attorney's budget. This total consists of funds which supported the one-time purchase of projector and camera equipment (\$6,554) as well as one time space reconfiguration costs (\$61,218).
- **B.** Compensation Adjustments A total of \$15,091 has been added to the County Attorney's budget. This increase is for deferred compensation, full funding of County medical and health insurance costs and an automobile allowance authorized by the Board of County Supervisors for the County Attorney.
- C. Funding Legal Services to the Road Bond Program With General Funds The County Attorney receives \$70,000 in revenue from various road bond capital projects for providing legal services associated with the acquisition of rights-of-way and other property interests. In FY 04 County Attorney program expenditures which were supported by this revenue are being replaced with general fund support. There is no expenditure increase in the Legal Services program, however, net county tax support has increased by \$70,000. The elimination of legal services costs charged to road projects will help met the demand for road improvements.
- **D.** Additional Revenue From the Potomac and Rappahannock Transportation Commission Annual revenue from the Potomac and Rappahannock Transportation Commission has increased by \$21,000 from \$17,500 in FY 03 to \$38,500 in FY 04. This revenue is for a variety of legal services provided by the County Attorney Office to the Potomac and Rappahannock Transportation Commission.

## II. Budget Adjustments

#### A. Compensation Additions

Total Cost - \$111,443 Supporting Revenue - \$0 Total PWC Cost - \$111,443 Additional FTE Positions - 0.00

1. **Description** - Compensation increases totaling \$111,443 are added to support a 3.0% Pay Plan Increase, an average four step merit increase, a 20% Health Insurance rate increase, a Delta Dental rate increase, a 3% Sunday and Holiday pay increase, and funds to support the reclassification of selected positions. Additional detail concerning these increases can be found in the Unclassified Administrative section of Non-Departmental.

## **B.** Legal Services Program - Assistant County Attorney and Paralegal Position for Community Maintenance

Total Cost - \$117,459 Supporting Revenue - \$0 Total PWC Cost - \$117,459 Additional FTE Positions - 2.00

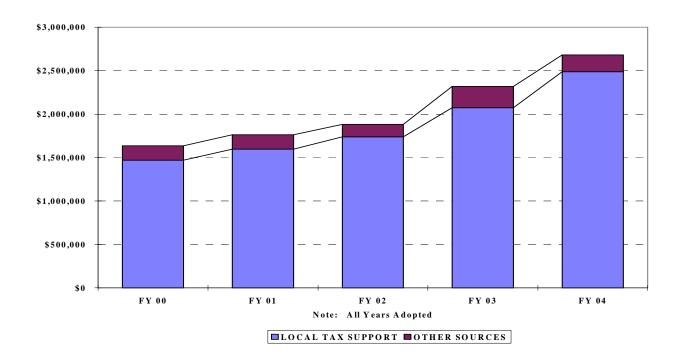

1. **Description** - Provides funding for one Assistant County Attorney position (\$69,472) and one paralegal position (\$47,987) dedicated to community maintenance. This initiative would increase the staff dedicated to community maintenance from a 1.00 full time equivalent assistant county attorney and a 0.50 full time equivalent paralegal to a 1.50 full time equivalent assistant county attorney and a 1.00 full time equivalent paralegal. A portion of an existing assistant county attorney and paralegal (both 0.50 full time equivalent) would be returned to general legal work. Additional emphasis on community maintenance enforcement efforts in the Department of Public Works has created the need for additional legal resources in the County Attorney's office. The number of community maintenance cases that required legal action by the County Attorney has more than doubled increasing from 126 in FY 01 to 294 in FY 02. The volume of cases has resulted in an increase in the frequency of meetings with community maintenance staff, pre-trial preparation and court appearances. One unanticipated consequence of additional enforcement activity is an increase in the number of appeals to the Board of Zoning Appeals, General District and Circuit Courts. The increase in the number of appeals has consumed additional attorney and paralegal time for pre-trial hearing preparation and representing the community maintenance staff at the appeal hearing.

The paralegal position provides a significant amount of assistance to the attorney in preparing exhibits for trial, maintaining the court calendar, monitoring other significant dates as well as post trial work such as releasing judgments. The workload generated by community maintenance efforts has increased to the point where existing paralegal staff is finding it increasing difficult to juggle community maintenance work with other tasks without some aspect of the assigned tasks being neglected.
