Future Outlook

Technology – The Circuit Court Clerk is currently working to improve accuracy and consistency of digital land records. It was discovered certain data files were corrupted during a technology update in 2015. Using current resources, the office is working to ensure the integrity of all images in the system. A future goal is to make over 200 years of digitized historic records available online. To accomplish this goal the office will need to expand its technological program to make these documents easily accessible to the public. To help offset technological expenses the Clerk continually seeks out and secures grant opportunities from the state.

Training and Development – The Circuit Court Clerk continues to put an emphasis on staff training, development, and retention. Training in leadership, management, effective communication, professionalism, and team building ensures emerging leaders are prepared to serve the community at large in a professional, effective and efficient manner in support of the office's vision statement.

Security Challenges – The Circuit Court Clerk has determined that several security measures need to be taken to ensure the safety of the staff and public in the Clerk's portion of the courthouse. These measures include safety glass with pass throughs at service windows, equipping doors with keycard access, and panic buttons that will allow immediate communication with the Sheriff's Office in an emergency. The Clerk's Office continues to enhance their emergency preparedness plan. Staff participate regularly in active shooter, toxic substance exposure, and natural disaster trainings and drills.

- A. Compensation Studies Implementation Prince William County (PWC) implemented the findings of two compensation studies during the past three years. The Public Safety Retention and Recruitment Study findings for public safety sworn personnel were completed in FY20. Findings from the Classification and Compensation Study for general, non-sworn employees began implementation in FY20 and funding is included in the FY2021 Budget for completion in FY21. Salary and benefits increases in the FY2021 Budget are due to implementation of both studies. Please refer to the Compensation section of this document for more information.
- **B.** Revenue Increase for Shared Services (City) Billings The billings represent reimbursement from the City of Manassas and Manassas Park for services rendered in the previous year. Services rendered include activities within public safety, community development, and human services functional areas. Amounts are calculated using an annual cost allocation report. As a result of the annual report, the Circuit Court Clerk allocation increased \$143,636.

- **a. Description** This initiative provides \$12,000 for election storage and paper ballot destruction. The Circuit Court Clerk is mandated by the state to protect and destroy used and unused election ballots. When the state used electronic voting equipment the office was able to absorb the storage and shredding costs of the smaller amount of paper ballots. With the conversion from electronic voting to paper ballots and higher voter turnout, storage and shredding costs have grown past budget capacity.
- b. Service Level Impacts Existing service levels are maintained.
