CUSTOMER SERVICE BULLETIN

Vol. I Issue No. 26 November 6, 2020

Attention Home Improvement and Plumbing Contractors

Residential Gas Fired Tankless Water Heater Installations

We are pleased to advise that the Prince William County Building Development [Policy 1.6.9](#), has been updated to provide the latest information on [Residential Gas Fired Tankless Water Heater Installations](#).

We recognize that many homeowners opt to replace their existing gas fired water heater with a tankless water heater and have taken proactive measures to ensure Policy 1.6.9. provides clarity on the permitting and inspection process for this type of home improvement. Please find the policy [here](#).

If you have any follow-up questions, please feel free to contact me.

Sincerely,

Eric M. Mays, P.E.
Building Official
Prince William County
